

Green Meeting

The AUSTRIAN WORLD SUMMIT aims to be organised according to the guidelines of the Austrian Green Meetings eco-label. Therefore, we would like to request the following of all participants:

- If possible, opt for an environmentally friendly way (e.g. public transport or carpool) of travelling to Vienna.
- If you are unable or do not want to travel without a car, or if you have to travel by air, you have the possibility to make up for the CO₂ emissions by paying a compensation (e.g. www.climateaustria.at).
- Opt for a hotel, which is certified as being environmentally friendly. (e.g. Austria Eco-label, European Eco-label, EMAS, etc.).
- Please, make use of your hotel's environmental programs (e.g. by not requiring towels and sheets to be exchanged every day, etc).
- Please, turn off all the lights and electric appliances (TV set, air conditioning, heating, computer, etc.) when you leave your hotel room (even temporarily).
- Reusable packaging = more environmental sustainability and protection: Opt for beverages in reusable vessels and meals on reusable dishes, milk and sugar that are not single-portion packaged, etc.
- Please, use the waste separation system at your hotel and fair venue when disposing of your waste (e.g. PET bottles, glass, paper, metal, batteries, etc.).
- Please, use public transport or walk when travelling within the city.
- Please, use the online registration and other digital material instead of printed material.
- Please, bring along and use your own writing utensils.
- Please, hand in your badges at the registration desk at the end of the event.

THANK YOU VERY MUCH
